

# SELECTING A REPLACEMENT SWITCH IS AS EASY AS ① ② ③

## STEP ① How many wires?

## STEP ② Standard or Momentary?

**Standard** — When you depress the switch, it stays down.

**Momentary** — When you depress the switch, it pops back up.

## STEP ③ What does it do?

**On / Off** — Turns on or off only.

**On / On** — Provides option to choose between 2 things, where 1 is always on.

**On / Off / On** — Similar to On / On except it also provides option to turn Off.
